PMP® EXAM FACILITATION COURSE

Course Objectives

Project Management Professional (PMP)® certification is the most distinguished professional qualification for project managers and accredited against the ISO 17024 standard. The PMP® certification is a validation of your skills and expertise in handling demanding projects that are resource and time intensive and span geographies and cultures.

The certification will turn you into an exemplary project manager who can ensure completion of the project on time and within budget, meet requirements, and keep customers and team members happy. This facilitation course on PMP® prepares you for the certification through an intensive session of theory and practicals.

Who Should Attend

Anyone working in any organization with Bachelor's Degree can attend the course.
